

Shoulder Mount Policy 22-23 Season

Due to limited freezer space, Harden's Taxidermy will place you on a list to be called when we are ready to begin the mounting process.

Your deer will be caped out and prepared to go into your freezer for a \$50 processing fee, which will go toward the mounting fee. It will take approximately 5 days to cape out your deer.

A contract will be written at this time, and you will be placed on the Shoulder Mount List.

Any capes/antlers remaining 10 days after being notified to pick up, may be disposed of. If you cannot pick up within the 10-day period, a nonrefundable \$25 per month storage fee will be charged. The storage fee does not go toward your mounting fee.

If you choose to use another taxidermist, the \$50 processing fee is non-refundable.

Effective August 1, 2022
